

L' A q u a

CONTROL AT YOUR FINGER TIPS

The armrests can be rotated within a 28° radius & adjusted to six different heights within a 2.3" (60 mm) reach while the paddle shift control can quickly & conveniently adjust the seat height and backrest tilt to the user's preferred settings.

FLUID HIGH DESIGN ELEMENTS

Designed with a die-cast aluminum back to provide a more refined and visually interesting aesthetic that can incorporate itself into a variety of state-of-the-art workplace environments.

THE BEST IN BACK SUPPORT

The lumbar support of the L'Aqua was ergonomically designed so that it can be adjusted both vertically as well as laterally, giving the best support for any user.

SUPPORT FROM HEAD TO TOE

The headrest on the High Back model of the L'Aqua can be rotated within a 35-degree radius & adjusted to five different heights to ensure the user is provided with optimal support for the neck and head.

FLEXIBLE AND FLUID

Today's modern-day office chair must not only support the user and provide all day comfort, but it is also expected to encourage productivity and inspire creativity. The mesh back and seat of the L'Aqua are ideal for a user looking for flexibility and air movement.

L'Aqua

FEATURES

- Breathable knitted mesh seat and back moves with the user, providing flexible and continuous support with air flow
- Mesh headrest pivots and is height adjustable to offer optimal support and comfort (Model #5271)
- Waterfall front edge seat design reduces pressure at the back of the knees, allowing for proper blood circulation
- Upholstered seat versions are padded with CFC free high-density, high-resiliency polyurethane foam
- Aluminum polished five-star base
- Innovative design offers optimum ergonomic support with seat height and back angle adjustment controls, located in the armrest
- Back angle adjustment, with back tension adjustment
- Lumbar adjustment in both horizontal and vertical directions
- Armrests are height adjustable 3" (75 mm) and feature a soft plastic pivoting arm pad (SPA)
- Seat swivel and height adjustment is obtained by a 3" (75 mm) pneumatic gas cylinder
- Sliding Seat Pan (SSP) allows for 2" (50 mm) of seat depth adjustment
- Carpet Twin-Wheel Casters (VTW)

OPTIONS

- Upholstery options are endless with our range of standard textiles, as well as the opportunity for Customer's Own Material (COM)
- Knock down (K/D) shipping option is available
- Additional Caster options are available
- Additional Pneumatic Gas Cylinder options are available
